Hiring Manager

Fresh Life Ltd

Nairobi, Kenya

RE: Application for Fleet & Maintenance Supervisor Position

Dear Hiring Manager,

I am writing to express my interest in the Fleet & Maintenance Supervisor position in Nairobi. With over six years of experience in logistics, fleet operations, and last-mile delivery management, I bring a strong track record in optimizing fleet performance, improving reliability, and leading high-performing operational teams.

Currently, as Head of Operations – Logistics at Jastan Logistics Ltd., I oversee end-to-end fleet and transportation operations, ensuring full compliance with safety and maintenance standards while achieving over 95% on-time delivery. I have successfully reduced operational costs by 25% through route optimization, fuel management, and improved asset utilization. My role involves supervising drivers, coordinating preventive and corrective maintenance, and maintaining high fleet uptime across a dynamic and fast-paced environment.

Previously, at Copia Kenya Limited, I managed a fleet of over 60 vehicles and supervised more than 100 delivery personnel. I implemented performance tracking systems, strengthened maintenance coordination, and enhanced delivery efficiency, achieving consistent OTIF performance above 95%. My experience also includes vendor management, safety compliance enforcement, and leading structured problem-solving initiatives to address operational inefficiencies.

I hold a Bachelor's degree in Economics and Finance from Kenyatta University and possess a strong practical understanding of fleet maintenance, logistics coordination, and team leadership. I am also a licensed driver (Class B, C1), which strengthens my hands-on approach to fleet supervision and safety compliance.

I am confident that my experience in fleet operations, maintenance coordination, and team leadership aligns well with your requirements. I am eager to contribute to improving fleet reliability, operational efficiency, and safety standards within your organization.

Thank you for your consideration. I look forward to the opportunity to discuss how my skills and experience can add value to your team.

Yours sincerely,
Danson Mutitu
